ABOUT ME

I am a 19 year old sophomore pursuing BS in Maths and Computing in IITR, I was introduced to coding in my first semester and found it really interesting. I started software development in my second semester and am currently exploring it. My other hobbies include playing the guitar,reading novels,painting,cooking and listening to music. My first year cgpa was 8.12 and am currently involved in NSO basketball of my institute. I am also a part of cultural clubs in my institute Onrec , which is a podcasting club and Geek Gazette , which is a magazine club. I am also a part of IMG(information management group) which is a student-run technical group under the institute.I feel I will be a good fit for this fellowship as I am passionate about coding ,technology and development and have some prior experience which will aid me,it will be a fun and learning experience for me.
